CluneTech is a suite of companies that provides industry-leading solutions to simplify global business.	
<ul style="list-style-type: none">• Worked with team of 30 members• Launched a new product line that constitutes 24% of business portfolio• Migrated most of the backend services from .NET 4.5 to .NET Core• Integrated with external payment systems using TDD	

Skills

Client-Side: HTML · CSS · JS · React · Redux · TypeScript · Bootstrap · React Native

Server-side:

ASP. NET · EF · MSSQL · PostgreSQL · TensorFlow · NodeJS · Redis · Azure · MongoDB · HTTP/2 · gRPC · RabbitMQ

Skills

Development & Operations:

Docker · Kubernetes · Github · GitLab · Lean · Argocd · Scrum · Agile · GIT · Azure DevOps · ELK · Jira

Projects

Custom eLearn mini-system

<https://students-manager.site/>

Students learning process management system in ASP.NET Core and Azure.

- Quiz for students
- Homework, grading and discussion management
- Chatbot for mock examination
- Application uses a combination between domain-driven design and functional programming in C#. It features DDD, CQRS, event-sourcing, 100% integration test coverage, CI and CD, REST with HATEOAS, Docker setup and much more

Publications

TemJournal – <https://temjournal.com/>

2022

Digitalization of Educational Services with Regard to Policy for Information Security

Pavel Petrov, Ivan Kuyumdzhiev, Rami Malkawi, Georgi Dimitrov, Jordan Jordanov

Languages

Bulgarian Native

English Proficient

Russian Beginner

Strengths

Communication

Working from a young age in the summer resorts.

Presentation skills

Contribution to academic success.

Research

Working on doctoral thesis.

Achievements

Softuniada 2020

Event for competitive programming.

Innovation Camp by DSKBank

Experience the steps of a profound innovation.

Employee of the year

Awarded employee of the year in my first company.
